

Dearest Mother,

The last three days have been more fun & Gardner & Peter have been great. We never make any definite plans about anything, paint when we feel like it & eat when ever we want & the rest of the time sit around a fire in the Teepee. Today it rained every time

I'd love living in a Teepee as Gardner & Peter are doing

they have sleeping bags & a fire in the center of the Teepee which doesn't really smoke at all. It takes no time to boil water & so everything is fine even to washing.
